

## Stops Lameness

Much of the chronic lameness in horses is due to neglect. See that your horse is not allowed to go lame. Keep Sloan's Liniment on hand and apply at the first sign of stiffness. It's wonderfully penetrating—goes right to the spot—relieves the soreness—limbers up the joints and makes the muscles elastic and pliant.

### Here's the Proof.

Mr. G. T. Roberts of Resaca, Ga., R.F.D. No. 1, Box 43, writes:—"I have used your Liniment on a horse for a week and effected a thorough cure. I also removed a spavin on a mule. This spavin was as large as a guinea egg. In my estimation the best remedy for lameness and soreness is

## Sloan's Liniment

Mr. H. M. Gibbs, of Lawrence, Kans., R.F.D. No. 3, writes:—"Your Liniment is the best that I have ever used. I had a mare with an abscess on her neck and one of your bottles of Sloan's Liniment entirely cured her. I kept it around all the time for galls and small swellings and for everything about the stock."

Sloan's Liniment will kill a spavin, curb or splint, reduce wind puffs and swollen joints, and is a sure and speedy remedy for fistula, sweeney, founder and thrush.

### On the Job.

The dirtiest, loudest mouth negro agitator in the West is Nelson Crews, of Kansas City.

All the negro insolence and practically all the negro criminality of Kansas City can be traced directly to Crews, whose asset is the negro vote.

It was discovered several days since in Washington that Crews had quietly been put on the government pay roll under the Department of Agriculture at \$150 a month salary. Senator Warner got him the job and he made one trip to Washington to be sworn in and report for duty.

When all this leaked out, a Democratic Congressman telephoned the Department of Agriculture asking if Crews was at work. The reply came over the wire—

"Mr. Crews is in the field. He is on duty now."

And being of an inquiring turn of mind, the Congressman wrote back to Missouri and learned that at that precise time Crews was in Pleasant Hill making speeches for the wet side in the local option election.—Clinton Democrat.

### In the U. S. 91 Million.

Boston, March.—Dr. E. Dana Durand, the national superintendent of census, said that by June 1 he hoped to be able to report the population of the United States at between 88 million and 91 million.

The enumerators—75,000 men and women in all—will start April 15 and will cover the cities in fifteen days and the rural sections in thirty days. It will take four months to cover the manufacturing interests and three years to tabulate and study the figures brought in by the census takers.

## WARRENTOPPAN, Lynn, Mass.

Cured of severe compound cold and cough by

### Vinol

"From Dec. 20, '06, to March 1, '09, I had three bad colds, one on top of the other. I got so weak I could hardly get around. Nothing seemed to help me until I began to take Vinol. The change was magic. Three bottles completely fixed that compound cold and stopped the terrible cough—and what surprised me most, at the same time it cured me of a severe stomach trouble that has bothered me for 20 years. Vinol is certainly a wonderful medicine."

Mr. Toppan is one of Lynn's most prominent and highly respected merchants, whose word is as good as his bond.

The reason Vinol is so successful in such cases is because it contains the two most world-famed tonics—the medicinal, strengthening, body-building elements of Cod Liver Oil and Tonic Iron.

## POLL SHOWS EDITORS IN EAST OPPOSE TARIFF LAW

Chicago Tribune Declares, Also Cannon is Unpopular There.

Chicago, March.—That the East as well as the West is against Speaker Cannon and the Aldrich-Payne tariff law is declared by the Chicago Tribune to be shown in the results of a poll made by the Tribune of the Republican editors of eastern newspapers and published by that newspaper. The Tribune declares the poll was completed before the recent upheaval in the upper house of Congress and that it shows the opposition to the tariff law is stronger in New England than in any other section thus tested.

The result on the tariff law shows the following result in New England:

For the tariff law—Republicans, 39; Independent, 3. Against tariff law—Republicans, 184; Independents, 57.

The result in the Eastern Atlantic States, exclusive of New England, follows:

For tariff law—Republicans, 142; Independents, 13. Against the tariff law—Republicans, 406; Independents, 142.

The results on the question: "Is Cannon your choice for Speaker?" are: In New England—For Cannon, 32 Republicans, 1 Independent; against Cannon, 205 Republicans, 61 Independents.

In Eastern Atlantic States: For Cannon, 119 Republicans, 2 Independents; against Cannon, 465 Republicans, 148 Independents.

### New England Against Tariff.

The Tribune also prints a table showing the percentage of Republican editors against Cannon, and the tariff law in New England, the Eastern Atlantic States, the West and the South. The table shows 85.5 per cent in New England against the tariff, 74 per cent in the Eastern Atlantic States, 77.1 per cent in the Western States and 62.8 per cent in the South. The Tribune says 86.4 per cent of the Republican editors in New England are against Cannon, while in the Eastern Atlantic States the percentage against Joe is 79.9, in the West, 83.1, and in the South, 72.5.

The Tribune says:

"Among the States of the East, Vermont shows the strongest opposition to the Aldrich law, only one editor favoring it. But the Republican editors of every State, except Rhode Island, are, so far as the poll shows, overwhelmingly against the law. In Rhode Island, the editors voting are evenly divided.

"The vote of the Fourteenth Congressional District of Massachusetts, where a Republican plurality of 14,250 was turned into a Democratic plurality of 5,640 on Tuesday, is interesting. Of the 17 Republican newspapers in that district answering the Tribune's polls, 16 recorded themselves as opposed to the Aldrich law."

### Hanging Paper.

For the ceiling that has been white-washed, before hanging the new paper, make a paste of wheat flour and mix it up with boiling vinegar instead of water, adding five cents worth of liquid glue to the paste needed for each room. The vinegar neutralizes the alkali in the lime, and the paper will stick. Prepare the glue as you would for other use.

In case you have any doubts about paper sticking to walls, it is well to paste both wall and paper. Fill every nail hole, or crack in the plastering, and patch all large holes.—Commoner.

## People Will Talk You Know

And that's the reason why Dr. Pierce's Family Medicines are advertised so little now-a-days. They have made hundreds of thousands of cures in the past 40 years, and some of the grateful people whom they have restored to health are to be found almost everywhere. There's scarcely a hamlet that don't contain some. Look them up. Interview them. They are living, walking, active advertisements

## For Dr. Pierce's Family Medicines.

You can believe your neighbors. Therefore ask them. What cured them will very likely cure you, if similarly afflicted—only give them a good, fair trial.

It's a good, sound, common sense policy to use medicines only of KNOWN COMPOSITION, and which contain neither alcohol nor habit-forming drugs. The most intelligent people, and many of the most successful, conscientious physicians, follow this judicious course of action. The leading medical authorities, of all schools of medicine, endorse the ingredients composing Dr. Pierce's medicines. These are plainly printed on wrappers and attested under oath. There's no secrecy; an open publicity, square-deal policy is followed by the makers.

We have a profound desire to avoid all offense to the most delicate sensitiveness of modest women, for whom we entertain the most sincere respect and admiration. We shall not, therefore, particularize here concerning the symptoms and peculiar ailments incident to the sex for which Dr. Pierce's Favorite Prescription has for more than 40 years proven such a boon. We cannot, however, do a better service to the afflicted of the gentler sex than to refer them to Dr. Pierce's Common Sense Medical Adviser, a great family doctor book of 1000 pages, bound in cloth and given away gratis, or sent, post-paid, on receipt of 31 one-cent stamps—to cover cost of mailing only, or 21 cents for paper covered book. All the delicate ailments and matters about which every woman, whether young or old, single or married, should know, but which their sense of delicacy makes them hesitate to ask even the family physician about, are made plain in this great book. Write for it. Address: WORLD'S DISPENSARY MEDICAL ASSOCIATION, R. V. Pierce, M. D., Pres., 663 Main Street, Buffalo, N. Y.

### "THE PEOPLE

#### ARE WATCHING."

### James R. Garfield Says Makeshift Legislation Will Not Go.

Cleveland, March.—The Republican administration was arraigned here before the Tippecanoe Club by former Gov. Myron T. Herrick, who charged it with gross extravagance and asserted that the high tariff was necessitated by the immense revenue required by unbusinesslike government methods.

Mr. Herrick was preceded by James R. Garfield, former Secretary of the Interior, who warned the Republican party that the country was impatient for the fulfillment of its pledges and that inaction or makeshift legislation would not be tolerated.

"We, as a party, have promised progressive legislation and the people are justly calling upon us for a fulfillment of that promise. They will not be satisfied with inaction and makeshift legislation. This legislation must provide for such regulation over corporations by both nation and state as will safeguard the public interest, prevent abuses, make more easy the enforcement of law against illegal or unfair business, and then fully protect the corporation that obeys the law.

"Greater emphasis must be placed upon publicity in dealing with the corporation and business interests. If men are permitted, under the form of a corporation, to act secretly, some of them will inevitably act wrongfully.

"Thursday, the average American demands that his party strive for the public good first; the party good second. He pays but little attention to the mere personal success of party leaders. He will support them when they strive for the common good; he will discard them when they fail to do so."

### She Kided Him in Shorthand.

New York, March 28.—Charles F. Walsh of Brooklyn, in the Stuyvesant Heights Section, has sued his wife, Jennie, for an absolute divorce, and names James McIntyre as correspondent.

Mr. Walsh says in his affidavit that he married his wife, who was an expert stenographer, in Chicago fourteen years ago, and that they have one girl, 8 years old. After their marriage, Walsh says, his wife continued to practice stenography for her own amusement and wrote to him in shorthand what she called "love letters." Not being a stenographer, he could not read these letters, and took her word for what they contained. Recently, he said, he had one of the missives translated. It ran like this:

My Dear Karl: What a poor fool you are. What a poor spectacle you make of yourself. Now, if you bother me I'll make trouble for you. You tried to influence the people in England against me, but my letter got there first. I really do feel sorry for you.

Mrs. Walsh denies all of her husband's allegations and asks for a separation.

### Another One.

Now that you've all laughed long and well over the Democrat's story of the St. Clair man who declared, "It takes \$10 an hour to get a lawyer to lie for you an hour, but you can get an editor to lie a whole year for \$1," let us mildly call your attention to this story all the way from Indiana:

"You are dying," said the doctor to the country editor as he lay on his death bed after years of weary toil. "Yes, I am sure," said the doctor. The dying editor raised his head and looked at him who came to make out the will and said, "And you think I am dying, too?" "Yes I know it," said the lawyer. The dying editor said to the doctor, "How much do I owe you?" "About \$100," said the doctor. The editor then said to the lawyer, "How much do I owe you?"

"About \$100" said the lawyer who had spent about three hours making the editor's will. "Well," said the editor, "won't you please kneel on each side of me while I breathe my last?" "Why do you make such a request?" the lawyer and doctor asked simultaneously. "Well said the editor, "it will be a great satisfaction to die as my Savior did, between two thieves."—Clinton Democrat.

## Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Cresson, Pa.—"Five years ago I had a bad fall, and hurt myself inwardly. I was under a doctor's care for nine weeks, and when I stopped I grew worse again. I sent for a bottle of Lydia E. Pinkham's Vegetable Compound, took it as directed, and now I am a stout, hearty woman."—Mrs. Ella E. Aikay, Cresson, Pa.

Baird, Wash.—"A year ago I was sick with kidney and bladder troubles and female weakness. The doctors gave me up. All they could do was to just let me go as easily as possible. I was advised by friends to take Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am completely cured of my ills, and I am nearly sixty years old."—Mrs. Sarah Leighton, Baird, Wash.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit. Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
